Piece Not Supposed to Be Loaded.
Fall River, Mass., July 5.—Roland W. Reynolds, aged 19, residing with his parents at East Freetown, near Braley's station, was accidentally shot and killed by his brother, Norman H. Reynolds, aged 12, yesterday. The boys had been firing caps from a rusty fowling piece that had hung in the barn all winter, and was not supposed to be loaded.
They had used it to snap caps Tuesday night and also yesterday morning. As the elder boy was using it for that purpose the gun exploded, blowing away the left side of Roland's head. He happened to be standing in front of the muzzle. Medical Examiner Gunning of this city was summoned, but he was satisfied that the tragedy was entirely accidental.

STEAMSHIP AMERICA SAFE

Arrived at Bermuda Yesterday, Towed
by the Dinamare.
New York, July 5.—Information was received here yesterday that the Falre line steamship America, due to reach New York fourteen days ago from Maracaibo and Naples, arrived at Bermuda yesterday in tow of the Italian tugboat Dinamare. All of her 110 passengers and crew were in good health.
The America was picked up on June 19, a short distance off the Azores islands in a disabled condition by the Dinamare. She was flying signals of distress, her machinery being badly crippled, but from what cause the New York agents have not learned.
It was also stated that the America was short of provisions and coal and would not have been able to reach port even had her machinery been in working order.

TO SAVE HIS MEN.

Admiral Roestvensky Pleads Guilty to
Charge.
Cronstadt, July 5.—In a manly effort to save the surviving members of his staff and the other officers who, he believed, surrendered the gunboat Kedovi, on account of their affliction for their wounded commander and their desire to save his life, Admiral Roestvensky yesterday pleaded guilty before a court martial. In a short speech to the court the admiral declared that he took all the blame on his own shoulders and asked that he alone be punished to the fullest extent of the law, virtually an appeal for clemency and death, which is the penalty for hauling down the St. Andrew cross to a hostile vessel.
All the other defendants pleaded not guilty.

Umstad filled the bases on passes and then forced in one run, while Payne's error let in the other. The score:

ATELL THE WINNER.

Got Decision in 20-Round Bout With
Neil.

Los Angeles, Calif., July 5.—Abe Attell, champion featherweight pugilist of America, yesterday got the decision in the 20th round over Frankie Neil, ban-tam-weight champion, before the Pacific athletic club. Attell showed to great advantage, landing six blows to Neil's one.
Neil's eye was closed early in the contest, and his face was battered black and blue. Neil, however, appeared to be stronger throughout the fight, and his blows, when they landed, had force behind them. Attell's cleverness in covering up and side-stepping his opponent's vicious swings, saved him repeatedly.

The last two rounds were fought by both men with berenness, and Neil landed more blows in those two rounds than in nearly all the previous 18. The men slugged at each other's face. The decision of Referee Elyton was popular.

Grand Isle Republicans.

St. Albans, July 5.—The Grand Isle county Republican convention will be held at North Hero July 25.

THEIR GOLDEN WEDDING.

Mr. and Mrs. William Fletcher of Essex
Junction.

Essex Junction, July 5.—Mr. and Mrs. William Fletcher quietly celebrated the 50th anniversary of their marriage at their pleasant home in the village yesterday.
Miss Anna Haydon and William Fletcher were married in this town and they have resided in their present home 40 years. Three sons, Curtis S., William S. and Ernest R., were born to them. Mrs. Fletcher was born in Newport, Ireland, 68 years ago and Mr. Fletcher was also born in Ireland 72 years ago. They both came to America when quite young and have lived in this town the greater part of their lives. Mr. Fletcher was in business here about 35 years, conducting a meat market and grocery store. Mr. and Mrs. Fletcher are greatly esteemed by all and although they kept the fact that this was their golden wedding anniversary as quiet as possible many of their friends called at their home and offered their congratulations and wished the worthy couple many more years of health and happiness. There were present with them yesterday Mr. and Mrs. Curtis Fletcher of this village, Mr. and Mrs. William S. Fletcher and daughter, Miss Anna, of Chicago and Ernest R. Fletcher of Hartford.

DIED SUDDENLY.

Brattleboro, July 5.—Mrs. Charles D. Whitaker, aged 45 years, died suddenly of heart disease at her home at 2 Oak street yesterday morning. She had been in good health and at midnight she got up and bathed the face of her son, who had been hurt by the explosion of a firecracker. She was born in Lawrence, Mass., Oct. 10, 1858, but lived in Rutland, N. H., from childhood until three years ago, when the family moved to Brattleboro. Her maiden name was Jennie C. Archibald. She was married to Mr. Whitaker 28 years ago. Beside a brother, John J. Archibald of Claremont, N. H., she leaves three children, Grace A. William C. and Paul A., who live at home. The burial will be in Hinsdale.

POLICE PREVENT PANIC.

Circus Crowd Was About to Stampede
During Heavy Wind Storm.

Manchester, N. H., July 5.—A panic was narrowly averted at the performance given by Barnum & Bailey's circus here yesterday afternoon. The big tent was filled with people when a thunder shower, accompanied by high wind rose suddenly.
The big tent swayed in the wind, while frightened people stood up in their seats, shouting loudly. The whole assemblage seemed on the verge of a stampede when a detail of police was hastily thrown into the arena. The officers commanded the people to be seated and the excitement subsided.
The storm lasted but a few minutes.

BOYS ROCKED BOAT.

And Two of Them Were Drowned Yesterday.

New York, July 5.—Boys' folly in rocking a boat led to the drowning yesterday at Plum beach, Sheepshead bay, of two boys, and the narrow escape of four more, who were rescued by passing craft.
In the boat were Benjamin Goetz, Peter Zimmerman, Henry Heft, George Betz, Joseph Jansen and Frank Martin. Goetz and Zimmerman were drowned. One of the boys rocked the boat, which turned turtle, and the boys were cast into the bay.

"QUIET" FOURTH
IN BARRENot a Fire Alarm and Only
One Arrest

VERY FEW ACCIDENTS

Rain of the Early Morning and Fore-
noon Dampened the Enthusiasm
of the Celebrators.
Greatly.

Barre's "Fourth of July" was safe and, all things considered, quite sane. Few of the great national holidays have been passed with so little celebration and with so few spectacular events as yesterday. Then, too, the rainfall of the early morning and the forenoon dampened the enthusiasm of the celebrators to a great extent.
But to offset the comparative quiet of the day and the rain there are several things. There was not one call for the fire department throughout the whole period generally considered within the bounds of "The Fourth". The department was prepared to respond at any moment, but their services were not required. Several large bonfires set off on North Main street last night were watched closely by the police to see that no further damage was done.

Beyond the watching of the fires the extra force of policemen had little to do, as the crowds on the street were quite orderly. During the two days ending this morning only one arrest was made. There were also fewer cases of accident than formerly and in only one or two were they due to the use of fire crackers or fire works. This does not mean that the "young America" celebrated less but they celebrated more carefully. Among the injuries reported are the following:

Four Year Old Broke Leg.

The four year old son of William Petrie met with a serious accident while playing on Spaulding street yesterday. He slipped and fell between the granite wall and the house, standing at the corner of Washington and Spaulding streets, breaking his right leg half-way between the knee and the hip, also cutting a long gash in his forehead. Drs. Stickney and Luzzelle were called to attend him and he is doing well today.

An Arm Dislocated.

William McBride started on a picnic to Benjamin's Falls yesterday and while alighting from an electric car fell heavily. His left elbow was dislocated, necessitating his being taken to the Emergency hospital, where his injury was attended to.

Burned by Fire Cracker.

Arno Little, a young man residing in the town of Barre, was badly burned in the face yesterday when exploding a giant fire cracker. It will be some time before he recovers from the effects of his Fourth of July celebration.

FOUR ACCIDENTS

IN MONTEPIELIER

None of Them Will Prove Fatal Al-

though Youngsters Were Badly
Burned.

Montpelier's Fourth was marked by four accidents, but none of a serious nature. James M. Milo of Cliff street, picked up a cannon cracker in his left hand and as the thing exploded, tearing the hand badly.
James Laird, son of Attorney F. L. Laird, touched off a pan of powder which flamed up in his face. The eyes were not hurt but the face was powdered.

Edward Goder of East State street fired a blank cartridge into his hand. Dr. Parmenter pulled out a lot of powder and a gritty substance.
Roy Leiden lighted a Roman candle and the thing kicked, hitting him and burning him severely.

DEFENDED BY GHOST.

But Ghost Did Quick Step When Fire
Cracker Was Thrown.

Marshall, July 5.—The young men and boys, chuck full of the spirit of July 4th, were out about 12 o'clock, to shake the living and almost startle the dead. They did no damage and were after lively fun only. Upon finding the M. E. church lighted and open to receive them, they calmly passed down the street to the Congregational church. At the church door, while meditating as to the best method to enter without injuring the building, a ghost came flying up the street and straightway stationed herself before the church door.
Before the astonished fun-makers could believe a spirit was sent to protect the church, the well known voice of a faithful sister, forbade entrance. Mischievous little devils to the heart of one, who threw a lighted cracker beneath the snowy night-gown, and a lively quickstep is said to have followed. However, the sister returned to her home and the church bell rang furiously and long. No one injured in mind or body so far as known.

A COSTLY BONFIRE.

Two Buildings of Carl Farrington at
West Danville Burned.

West Danville, July 5.—The glorious Fourth was ushered in here yesterday morning, with fireworks of rather an expensive type. At about 12 o'clock fire was discovered in the north end of a barn belonging to Carl Farrington. It is thought that the fire was of incendiary origin, as all doors were closed for the night when the men finished work Tuesday, and those who were first to arrive when the fire broke out say that the big doors were open. The big

Case.

Williamstown, July 5.—Fred A. Ainsworth was shot and fatally injured early this morning by Thomas Jamieson at the latter's farm. Mr. Jamieson taking him to be a burglar. The victim of the shooting died at 12 o'clock today. The affair has caused the greatest excitement here, owing to the prominence of the parties in the affair. The presence of Mr. Ainsworth in the barn is hard to account for. There is a report here that he went to the barn with the intention of making away with himself, and that he had no intention of doing any harm to the Jamiesons. This story is heightened by the fact that he had a rope attached to his neck when shot.

The unfortunate affair took place this morning shortly after half past twelve o'clock. The Jamieson brothers, John and Thomas, had been in town to attend the meeting of the Grange, and returned to their home, two miles away, shortly after the meeting. Thomas started to walk home, and having left the village considerably earlier than his brother, got there first. When he reached home he looked toward the barn and saw a light. Knowing that everything had been left all right and that there
